# Pablo Alvarez Imaz
## Junior Software Engineer
### Australian Permanent Resident

## ABOUT ME

I'm a Junior Software Engineer with a background in philosophy, education and stakeholder management, which gave me a strong set of soft-skills.

I want to become great at building and delivering person-centred solutions, and I'm looking to join a like-minded team to continue this amazing journey.

Get in touch to find out why I could be a great asset to your team!
